This is to inform the investing public of the following press release:

DMCI Order Book at P45.3B

Premier contractor D.M. Consunji, Inc. (DMCI) reported a moderate decline in its order book due to the slowdown in project bidding and contract awarding both from the public and private sectors.

From P49.3 billion at the end of 2021, DMCI order book slipped by 8 percent to P45.3 billion at the end of the nine-month period. This, after P8.4 billion worth of contracts and P1 billion in change orders were recorded against P13.3 billion in construction accomplishments during the same period.

“We expect formidable headwinds over the medium-term on persisting high inflation, rising interest rates and anemic demand for commercial and office spaces,” said DMCI president and CEO Jorge A. Consunji.

“Public infrastructure projects could provide some upside but it would still depend on the rollout strategy and spending priorities of the national government,” he added.

In the third quarter alone, DMCI bagged Contract Package 102 of the Metro Manila Subway Project, a primary pipeline project in Muntinlupa, a multi-specialty building in Manila, among others.

DMCI reported a nine-month net income of P796 million, a 1-percent uptick from P785 million compared to the same period last year.
