## **Internal Control System and Risk Management Framework**

**Principle 12:** To ensure the integrity, transparency and proper governance in the conduct of its affairs, the company should have a strong and effective internal control system and enterprise risk management framework.

## Recommendation 12.1

1. Company has an adequate and effective internal control system in the conduct of its business.

Compliant

The Board, through the Audit Committee, is responsible for overseeing that senior management establishes and maintains an adequate, effective, and efficient internal control system. The Company's internal control system provides assurance in areas including reporting, compliance with laws, regulations and internal policies, efficiency, and effectiveness of operations, and safeguarding of assets.

Senior management is responsible for implementing and evaluating an adequate and effective internal control system, and report on its ongoing effectiveness.

The Company's internal audit function is responsible for periodically monitoring and evaluating the adequacy and effectiveness of the Company's internal control system, integrity of financial reporting, and security of physical and information assets. They discuss with management and report to the Audit Committee, on a periodic basis, the results of their evaluation.
